Pull Slip (Ful Resource Request Slip Letter)

The Pull Slip is managed for our partners to provide consistency for the displayed location codes. These codes are use to direct the physical items to the patron's selected pickup location.

Note: The SCF's Pull Slip has further modifications to allow the letter to be used for ILLiad physical item requests that come to the SCF via the ILLiad Addon. Currently, only GW is using the ILLiad Addon for this purpose. It is not managed in the Network Zone.
