

Alma Digitization Request Addon

RSAC decided that all digitization request be made though ILLiad. To facilitate requests for material held at the SCF, the Alma digitization addon for ILLiad was created. This Addon takes an ILLiad digitiation request and creates an Alma digitization request that is sent to the SCF IZ.

The source code and installation instructions can be found on github here:

[**Alma_Digitization_Addon.**](#)

TO BE COMPLETED.
