

2. Create locate profiles

Configuration ? Fulfillment ? Resource Sharing ? Locate Profiles

Type is "Fulfillment Network"

The screenshot shows a web application interface for creating a locate profile. The main heading is "Locate Profile Details". In the top right corner, there are "Cancel" and "Save" buttons. Below the heading, there is a search bar containing "AU" with a right-pointing arrow. Two tabs are visible: "Locate Profile Details" (active) and "Locate Profile Parameters". The form contains three fields: "Name" with a red asterisk, containing the text "AU"; "Description" with a red asterisk, containing the text "American University Library"; and "Type", which is a dropdown menu currently showing "Fulfillment Network". A blue sidebar with various icons is located on the left side of the page.
