

Checking In Return Books 2025

Courier will drop off return materials at the end of the day. Those books and boxes should have the green "WRLC" slips inside the books or on the boxes/packages. If you see the slip with a different library abbreviation on it, put the item on the outgoing table for the courier to pick up.

Use the SCF Processing website to check in books. If you need to leave your desk briefly, it will be a good idea to refresh the page when you comes back before starting work to ensure everything is ready to proceed.

When an item has been checked in, it means:

- The "SCF Hold Shelf" message gets added to Internal Note 3
- The Item is in temporary location has been switched to "Yes"
- The temporary library of "WRLC - Shared Collections Facility" has been added
- The temporary location is updated to SCF Hold Shelf

Important note: Do NOT check in an item twice! This will create a transit status for it.

On the main menu, go to "Refile Processing" then click on "Home".

Do Step 1 to check in books. Click on "Check-In".

ALWAYS LOOK AT THE PATRON INFORMATION!

If you see a library abbreviation (Ex. Patron: Deliver to GW) then that means the item has been checked in without any issue.

Write down the RMST data on a slip.

If you do not see any library abbreviation or see something else not mentioned here, give it to your supervisor.

Items checked out to GW ILL, CU ILL and AU ILL will show digits like this:
