

# Processing Books (Part 2) - Using the SCF Processing website and Grima

## Internal Note 1 (Part 2 of the processing) (Trays have labels)

You will be using three different programs:

- 1) [SCF Processing website](#)
- 2) [Grima](#)
- 3) [Alma \(SCF IZ\)](#)

### SCF Processing website:

- Username:
- Password:

### Grima:

- Username:
- Password:
- Institution: SCF

**AFTER YOU LOG IN, CLOSE THIS WINDOW SO YOU CAN GO BACK AND USE THE SCF PROCESSING WEBSITE TO DO THE NECESSARY STEPS.**

### Alma (SCF IZ):

- Username:
- Password:

In the SCF Processing website,

- Click on "Add Internal Note 1" and it will take you to Grima
- Scan the tray barcode in the "Internal Note 1" field
- Scan item barcode of all the books in the tray in the "Barcode" field

(Leave the books on table; do not put back in the tray)

(Check the book title to make sure it matches to what is shown on the monitor)

Go to Alma and scan in the books:

Fulfillment > Scan In Items

When finished, put the books back in the tray then count them.

Alma, SCF IZ:

Click on the magnifying glass with the + symbol

Image not found or type unknown

Make sure the total number is the same as the manual count of books.

Go to the SCF Processing website and click on “Cross Check”.

Fill out the information:

Image not found or type unknown

Start the next tray
