

Updating volume & year info for Himmelfarb volumes in SCF IZ

You will need to have both SCF and HI IZs open at the same time and you will be entering the data in SCF IZ.

Himmelfarb barcodes start with P.

Physical items Barcode

Search in: Physical items Zone: Institution Network Community

Barcode Starts With P*

Clear form Search

Look for items in SCF IZ that are missing the description.

You can see that the second item is missing the description:

 Thymus. Barcode: P15P1EX	Item call number: R01M08S22T03 BC Description: v.16-17 (1990-1991)
---	---

[Other details](#)

 The journal of experimental zoology. Barcode: P144P5X	Item call number: R10M20S03T04 CC
--	-----------------------------------

Click on then copy the item barcode. Paste it in HI IZ then remove the "X" at the end.

Click on the item barcode in HI IZ.

Look at the holdings info:

This shows volume and year info. You will see issue #s in some volumes as well. Be sure to ignore the info in the bib title!

Go back to SCF IZ and click on the ENUM/CHRON tab. Fill the info according to the guide (right below) then save and confirm.

- Enumeration A: enter volume number without "v."
- Enumeration B: enter number without "n", "no.", etc.
- Enumeration C: enter the issue #
- Enumeration D: enter a message such as supplement, index, incomplete, page #, etc.
- Chronology I: enter the year
- Chronology J: enter the month
- Chronology K: enter the day

Double check the description to make sure it looks correct.

Go to the next item and do the same steps.

If the data in HI IZ looks funny or something, email Tammy the item barcode and she will take a look at it.

Revision #3
